

CHAPTER V

CONCLUSION AND SUGGESTION

This chapter draws conclusions from this research and provides some recommendations for everyone who is directly connected with the English textbooks; teachers, students, authors/publishers, and for further researcher.

5.1 Conclusion

Based on the result of a study of textbook entitled “Bahasa Inggris; Contextual teaching and learning” at seventh grade in Junior High School. This textbook published by Pusat Perbukuan (*Pusbuk*) National Education Department in 2008. The writers of this book are Th. Kumalarini, Achmad Munir, and Slamet Setiawan. In this study, the researcher analyzes only in one semester, unit 1-4, page 1 to 90. The researcher conducted the study to analyze contents of expediency, there are; suitability of subject matter with standard competency and basic competency, development of life capability, development of diversity perception. The result of this analysis of three subcomponents showed that the textbook has percentage 68% of assessment. It means that the textbook is feasible to use in learning English and the teacher can use this textbook in teaching English process. Wherever, the results of this study showed that the textbook has feasibility of the contents good enough and the textbook also meet the criteria of a good textbook by Pusbuk.

5.2 Suggestion

There are some suggestions based on the findings are addressed to:

a. For the teachers

The teachers can use the textbook as a prime reference in teaching and learning process and the teacher can easy to explore the materials because the materials of the textbook arranged in accordance with standard competency and basic competency.

b. For the students

The students can use the textbook as a prime reference to study at school or at home. It can easy to understand the materials and it can easy to get a good score.

c. For the authors/publishers

For the author and publishers can use the result of this research as a reference to increase the quality of the textbook in the next time.

d. For further researcher

For further researcher can be used this study as references to conduct a similar study and the next researcher can analyze the next unit in order to all of unit in this textbook is completed to analysis.
