

CHAPTER V

CONCLUSION AND SUGGESTION

5.1. Conclusion

In the last chapter of the thesis, the writer presents about conclusion and suggestion. Conclusion is talking about the result of finding and suggestion for the next researcher.

This study focuses on the use of cohesion of the Jakarta post editorial. Specifically, the purpose of the study is to identify the use of grammatical and lexical cohesive devices. The uses of cohesive devices are shown through the frequency of their appearances in the text.

The result of data analysis indicates that the Jakarta post editorial are cohesive. Its cohesiveness can be seen through the used of cohesive devices in the editorials. The type of cohesive devices used in the Jakarta post editorial are all two kinds of them namely: grammatical and lexical cohesive devices while, they have different of using in the text.

In these editorials the cohesion is dominated by the use of grammatical cohesive devices. The total numbers of cohesive devices is 1158 times. And the total numbers of grammatical cohesive device 1101 times. It can be said that in almost of each editorial there are 176 appearances of conjunction cohesive devices. Conjunction is a part of grammatical cohesive devices.

In conclusion, it can be said that cohesion plays an important role in forming the coherent in the Jakarta post editorials. It can be prevent that from one

month the using of cohesive devices in each editorial.

Nevertheless, the analysis of cohesion doesn't add anything new to the interpretation of a text. It is just showed in a certain way Also, it explains the nature of the meaning that the readers get from the text without the writer put them in presupposition and the surrounding text. Furthermore, this study is the text forming or textual component of semantic system which provides the linguistics means through such presupposition made.

5.2. Suggestions

Based on the result of the study, the writer offers some suggestions, there are; the next study with the same topic may be proposed but different subject or different focus This study is limited to the description of the type of cohesive devices used. The next study can develop the finding of this study by analyzing the violation of the use of cohesive devices. It is also possible to conduct to the similar study but different focus. For example, how is the discourse structure of the Jakarta post editorial or some relationship of article about cohesion? That means give suggestions that newspaper article can be used as a means to teach discourse analysis, especially teaching about cohesion.
